

# Fiber Manager Global Chassis

## Total Access 5000 Fiber Manager Global Chassis

**The Total Access 5000 18-Slot Expanded Fiber Manager enables the Carrier to better organize a chassis loaded with fiber modules.**

It allows for the routing of fibers through the brackets so that tangling of the wires is greatly avoided.

The Fiber Manager increases the number of fibers that can be routed on a Total Access 5000 19-inch Chassis. It allows for the management of up to 160 1.6 mm fibers to the left of the System Controller Module (SCM) and 160 1.6 mm fibers to the right of the SCM.

The Fiber Manager mounts to the front and immediately below the Total Access 5000 Chassis, replacing the standard fiber tray. The Manager is shipped with a fan filter holder, mounting brackets, and mounting screws for installation.

### Product Features

- EN 60950-1, AS/NZS 60950.1, IEC 60950-1, and EN 300 386 Compliant
- Does not require routine hardware maintenance

# Fiber Manager Global Chassis

## Total Access 5000 Fiber Manager Global Chassis

### Product Specifications

#### Mechanical

- **Dimensions:** 44.45 mm H x 482.6 mm W x 300 mm D

#### Regulatory Standards

- EN 60950-1
- AS/NZS 60950.1
- IEC 60950-1
- EN 300 386

#### Environmental

- **Operating Temperature:** -40°C to +65°C
- **Storage Temperature:** -40°C to +85°C
- **Relative Humidity:** Up to 95%, noncondensing

### Ordering Information

Equipment	Part #
Total Access 5000 Global Fiber Manager	1188940G1
Total Access 5000 E1 Chassis Fiber Manager	1188940G2
