

ATSP for NetVanta UC

Checklist

Thank you for your interest in ADTRAN® Technical Support Professional (ATSP) for NetVanta® UC

ATSP UC is a professional level certification for technical staff responsible for designing, implementing and supporting ADTRAN solutions using NetVanta UC products.

Step 1: Log in to ADTRAN University.
www.adtranUniversity.com

Step 2: Participate Prerequisite Training

- Complete ATSA/UC certification requirements.
- Enroll in ATSP/UC training requirement.

Step 3: Complete the Required ATSP Training and Pass the Exam.

- Attend the ATSP/UC course
- The exam will be made available to you once the training requirement has been met.
- Pass the exam.

This training requirement is taught in the following format

Instructor-Led Training (ILT)

The ILT course requires students to attend a three day class entitled "ATSP/UC Certification Training" that teaches hands-on skills for installing, supporting and troubleshooting the NetVanta UC products. There is a fee per student that covers the cost of the training and the online exam.

This course will include interactive lecture as well as lab exercises. Integrated lab exercises are designed to reinforce the class content with installation, configuration and troubleshooting procedures associated with the NetVanta UC products.
